	Application Number	09/782757

	Title	Compounds affecting neuron remodeling and assays for same

Sir:

This amendment is responsive to the Office Action dated December 18, 2002, for which a three-month period for response was given, making this response due on or before March 18, 2003.

Applicants did not receive a copy of the Office Action until March 17, 2003, when it was re-sent via facsimile from the U.S. Patent and Trademark Office (U.S. PTO), and by regular U.S. mail. The original Office Action was apparently returned to the U.S. PTO due to post office error. A copy of a letter dated March 17, 2003 from the U.S. PTO is provided herewith, which letter provides evidence for the fact that the original Office Action was returned to the U.S. PTO, and was re-sent to the undersigned on March 17, 2003.

Because Applicants did not receive a copy of the Office Action until March 17, 2003, and because this response is being filed within three months of the date on which a copy of the Office Action was re-sent to Applicants, before June 17, 2003, this response is timely filed. Applicants submit that no extensions of time are necessary, and that no extension fees are due.

However, and solely in the interest of maintaining pendency of the instant application, should the Office find that an extension of time is necessary, Applicants petition for such extension(s) of time as may be deemed necessary. The Commissioner is hereby authorized to charge any underpayment of fees associated with this communication, including any necessary fees for extensions of time, or credit any overpayment to Deposit Account No. 50-0815, order number UCAL096CIP3.

In view of the remarks put forth below, reconsideration and allowance are respectfully requested.
